3.1.1 "**Telemetry Data**": Car data, technical details, fault alerts, driving data, battery health information and other telemetry data; and

3.1.2 "**Car Insights Reports**": other reports and analytics we prepare based on Telemetry Data.

#### **AA-X App insights should not be relied on**

3.2 Telemetry Data depends on factors outside our control (like Car sensors) which may result in inaccurate readings, and we can only see certain types of Car sensor data so not all faults may be detectable.

3.3 Car Insights Reports include suggestions about potential faults, condition and driving style, however this is indicative only and should not be relied on.

3.4 We cannot verify the cause of a Car fault code or battery alert without inspecting the Car, and inspections are not provided as part of the Car Insights Services.

3.5 We are not responsible for losses caused by our failure to let you know about a fault code, battery alert or other issue with your Car.

#### **Car insights are available for a limited time only**

We cannot confirm the cause of a potential fault and the services required to fix it without inspecting the Car.</p> <p>4.3 You remain responsible for arranging any necessary breakdown assistance, servicing, maintenance, MOTs and repairs for the Car and ensuring that it is safe and legal to drive.</p> <p>4.4 You should promptly arrange for the Car to be inspected by a qualified technician if you suspect that the Car has any faults or issues (whether or not the AA-X App has identified any potential faults).</p> |
|---|

##### **AA-X Repair Services can be purchased separately**

- |   |
|---|
| <p>4.5 The AA-X App may provide the option to purchase AA-X Repair Services (including service, maintenance, MOTs and repair services) for your Car.</p> <p>4.6 Any AA-X Repair Services available for purchase in the AA-X App are governed solely by our AA-X Repair Services Terms and fall entirely outside of these terms.</p> |
|---|

##### **We are under no obligation to provide assistance under these terms**

- |   |
|---|
| <p>4.7 We are under no obligation to provide any assistance in relation to an actual or potential Car fault identified by the AA-X App.</p> <p>4.8 However, you may request assistance legitimately within the terms of a valid AA Breakdown membership to attend a breakdown or accident (in which case such assistance is provided solely under applicable AA Breakdown terms).</p> <p>4.9 Similarly, you can purchase AA-X Repair Services in the AA-X App (in which case such assistance is provided solely under our AA-X Repair Services Terms).</p> <p>4.10 Other than as set out above, there may be occasions where (in our absolute discretion) we decide to provide assistance in response to a fault identified by the AA-X App. However, this does not change the scope of the Car Insights Services and we have no obligation to provide this assistance.</p> <p>4.11 If we do exercise our discretion to provide assistance under Section 4.10 then:</p> |
|---|

- |  |
|--|
| <p>4.11.1 this will be limited to assistance necessary to address the fault identified by the AA-X App (where possible); and</p> <p>4.11.2 we won't be responsible for any failure to find or fix any issues linked to a fault code or battery alert, or any need for further repairs after we've provided assistance.</p> |

### You need to use the latest version of the AA-X App

9.1 From time to time, we may release new and updated versions of the AA-X App and/or Car Plug-In firmware (where applicable) without notice which may change available functionality.

9.2 It is your responsibility to ensure you use the latest version to take advantage of the full functionality available and we aren't responsible for any failures due to you not using the latest version.

#### **Factors outside our control may affect availability**

9.3 You acknowledge and agree that:

9.3.1 the availability of the AA-X App and Car Insights Services depends on systems and technologies beyond our control (including Car and manufacturer systems, mobile networks, GPS, the internet and other third party systems);

10.1.2 to make minor technical adjustments and improvements, for example to address a security threat; and

10.1.3 to update digital content, provided that the digital content matches the description of it that we provided to you before you bought it. We might ask you to install these updates.

#### **Changes to these terms**

10.2 We may change these terms at any time by publishing modified terms in the AA-X App or on our website or by providing you with a copy of updated terms.

10.3 Your use of the AA-X App after a change has been made available to you will be deemed to signify your acceptance of the modified terms.

10.4 We recommend you print a copy of these terms for your records.

#### **Changes we can only make if we give you notice and an option to terminate**

10.5 If we make more significant changes to the AA-X App or these terms then we'll notify you and, should you wish, you can then contact us to end your Subscription before the change takes effect and receive a refund for any services you've paid for in advance, but not received.

## 13 We don't compensate you for all losses caused by us or our products

### Losses we are not responsible for

13.1 We're responsible for losses you suffer caused by us breaking these terms, unless the loss is:

- 13.1.1 **Unexpected.** It was not obvious that it would happen and nothing you said to us before we accepted your order meant we should have expected it (so, in the law, the loss was unforeseeable).
- 13.1.2 **Caused by a delaying event outside our control.** As long as we have taken the steps set out in Section 9.5 (We're not responsible for delays outside our control), we'll not be responsible.
- 13.1.3 **Avoidable.** Something you could have avoided by taking reasonable action. For example, damage to your own digital content or device, which was caused by digital content we supplied and which you could have avoided by following our advice to apply a free update or by correctly following the installation instructions or having the minimum system requirements advised by us.
- 13.1.4 **A business loss.** If you use any product (including the AA-X App or the Car Insights Services) for purposes of your trade, business, craft or profession. This includes (without limitation) loss of profit, loss of business, business interruption and loss of business opportunity.

### When we are responsible for losses caused by digital content we supply

13.2 If we supply digital content which causes damage to your device or other digital content due to our failure to use reasonable care and skill then we'll decide whether to repair the device or compensate you, provided that the most we'll pay to you in relation to such losses is £1,000.

### When we are responsible for other losses

13.3 Apart from the responsibility we accept under Section 13.2 and under any terms implied into this agreement by law, the most we'll pay to you in relation to other losses you incur under these terms is limited to £1,000 or the total Fees paid (whichever is greater).

#### **Accuracy of reports and data**

13.4 We do not guarantee or promise that the AA-X App or any data or reports provided to you will be error free or uninterrupted.

13.5 We are not responsible to you for the accuracy or completeness of the reports or data recorded by the Car or the Car Plug-In (as applicable) or displayed on the AA-X App.

13.6 Not all faults are detectable and we accept no liability for any failure to detect a fault with the Car.

#### **Damage caused by the Car Plug-In**

13.7 If you believe damage has been caused to the Car by the Car Plug-In, then you should contact us as soon as possible.

13.8 We will make good any damage caused to an eligible Car (as deemed by us) as a direct result of the Car Plug-In (excluding any intentional or wilful damage or misuse of the Car Plug-In) and provided that we'll need to inspect the Car to assess any such damage.

13.9 We are not responsible for any pre-existing faults, defects or damage to the Car or other property.

13.10 You must not attempt, nor get anyone else to attempt, to repair any damage caused to the Car by any Car Plug-In. If you do so then we'll not be responsible for any damage caused and you will need to pay for the repair costs.

#### **Other important limits on our liability**

13.11 **Errors and back-ups.** You acknowledge that the AA-X App may contain errors or bugs which may cause failures or loss of data from your device. You are strongly encouraged to back up all information on your device prior to installing or updating the AA-X App, and we cannot be held responsible if you fail to do so

13.12 **Traffic violations.** We are not liable for any losses arising under any circumstances from traffic violations committed by any driver using the Car, the AA-X App or Car Plug-In (as applicable).

13.13 **Car warranties.** We have no liability where the installation of the Car Plug-In voids any manufacturer or other warranty which applies to the Car. It is your responsibility to ensure that these warranties are not voided by installation of the Car Plug-In.

13.14 **Other vehicles.** We will not accept any liability for any damage to a vehicle where you have allowed a Car Plug to be fitted to a vehicle that we have not approved.
